REQUEST FOR QUOTATION

1.0 INTRODUCTION

The Fraser Valley Regional District ("**FVRD**") is requesting contractors with proven capacity, capabilities and experience to supply a new electric ice resurfacer (the "Goods"/"Services") to provide a quotation on the form attached at Schedule A (the "Quotation") in response to the following specifications:

- **Battery System:** Battery-powered operation to maximize runtime and reduce emissions.
- **Resurfacing Capacity:** Capable of 6–8 full ice resurfacings per charge (minimum) to support a busy single-rink schedule.
- **Charging Equipment:** Include appropriate charging equipment or specify required infrastructure. Fast-charging capability and all necessary charging accessories should be provided or clearly identified.
- **Ice Quality Features:** Equipped with basic automated ice-quality controls (e.g., consistent water distribution, blade depth control) to help maintain a high-quality ice surface with minimal manual adjustment.
- **Warranty:** Backed by a comprehensive warranty covering parts and labor.
- **Service Support:** Local service availability in British Columbia for maintenance and repairs (proximity to FVRD is an asset for quick support).
- **Training:** Operator training for staff upon delivery, including basic maintenance and safety training, should be provided as part of the quote.
- **Optional Features:** Recommendations for any optional equipment or features that would enhance performance or longevity (e.g., advanced water treatment add-ons, etc.) may be included. Please list these options separately with associated costs.

The successful supplier will provide:

- A new fully electric ice resurfacer capable of resurfacing a 200x85 ft single ice sheet.
- Compatibility with the REALice cold water resurfacing system.
- Comprehensive warranty, including parts and labor.
- Delivery and installation to the specified location.
