

INFORMATION BULLETIN

Flood Debris Management Program Vedder River and Canal flood recovery work near Vedder River Campground

September 26, 2024

Update

Scope of Work

Works to restore the Brown Creek Wetland intake will be complete as of 7pm on Thursday, September 26th. The Rotary Trail adjacent to the campsites will be restored and open to the public on Thursday evening to the Brown Creek Wetland viewing area. Works to restore the remaining Rotary Trail and Brown Road Trail will be completed on Friday, September 27th starting at 9am and is anticipated to be complete by Friday evening.

Safety Notices

- Please respect and abide by all signage
- Traffic controls will be in place

Schedule

Trail restoration will occur on September 27th, 2024 starting at 9am. Works are anticipated to be complete in the evening of the 27th with the Rotary Trail and Brown Road Trail open to the public.

Contact
